

# Novel Notations

1. Invent a notation.
2. Zoom in.
3. Draw your site  
like it holds a novel.
4. Share your notation.

ASG

N

**one 11"x17" drawing** that is a key/legend that documents and articulates your notation.

First draft to be shared on Tuesday, Feb 5th.

### 1. Invent a notation.

## 2. Zoom in.

$1/8'' = 1'-0''$   
 $3/16'' = 1'-0''$   
 $1/4'' = 1'-0''$   
 $3/8'' = 1'-0''$   
 $1/2'' = 1'-0''$

$1/2'' = 1'0''$  means:  
 $1/2''$  on the paper equals  $1'-0''$  in real life. In other words, a 30ft wall will be drawn as 15 inches on the paper, since  $30 \times 1/2 = 15$ .)

What narratives and stories can be read within your site? What can you discover by looking with your notation?

Create a 'key' or legend that articulates and explains your notational system on a 11x17" paper.

This can take any form you want. An incomplete example is represented here to the right.
