

GSAPP Spring 2019 ADR2

Assignment 6

(More) Process Portfolio

3. Document each experiment as a page of the collective book.

2. Create 5 new process experiments.

**1. Choose around 5 of your previous process drawings;
iterate on them.**

(More) Process Portfolio

DELIVERABLES:

Iterate on your previous process experiments to create **ten more process experiments**, each on a **8.5"x11" page** using **3 or more tools** to draw something many different ways.

These pages will serve as the printed compendium of drawing experiments.

DUE:

Monday March 25, 8am 10 high-res JPGs (at least 2000 x 3000 px),
uploaded to the Google Drive (<https://tinyurl.com/moreprocessportfolio>)

Tuesday March 26, 9am 10 pages, printed out for a collective review

DETAILS:

1. Choose around 5 of your previous process drawings; iterate on them.

- You can continue your process drawings, improvise further, test out new ideas, or apply it onto new contexts.
- Some process experiments may already be finished as they are! If so, just let them be.

2. Create 5 new process experiments

- We *actively* encourage you to borrow and improvise off of others' experiments. These experiments are a collective one!
- If you do so, just give credit in your process: i.e. "Working off of Lexi's process", etc.

3. Document each experiment as a page of the collective book.

- Place the drawing into the same template from Assignment 5, writing one or two sentences about your process and place it on each page.
- By Monday, March 24th, at 8am, please upload each page as a high-res JPG (at least 2000 x 3000px), uploaded to the Google Drive
(<https://tinyurl.com/moreprocessportfolio>)
